Jim – Just FYI

We had a call with NDEE this morning to let them know that the letter is still under review. They did share with us information that has been posted on the Nebraska Beekeepers Association website. The information is being forwarded to Jim Macy and others this morning. Just wanted you to be aware. The link is below.

Hi Jim –

Just a heads up. It appears that Alex Dunn has requested to review the letter that NDEE requested regarding land application of wet cake. It also appears that she may be calling you to discuss. Jamie has more details in his message below.

Let us know if you need anything.

DeAndre – I just received this and thought you might want to give Jim a heads up.

This relates to the letter that NDEE requested regarding the land application of wet cake by product. Per the note below – Alex Dunn has asked to see the letter before it comes back to the Region and it sounds as though she might give Jim a call. A couple of quick items:

Hey Jamie – I just found out that our AA Alex Dunn wants to see the letter before it's signed and she also wants to chat with Jim Guilford about it. Just a heads up...

I don't have strong feelings – Might be appropriate at DD level as it is going to that level at NDEE. Is it back from OGC?

Thanks for your help Meredith!

Hi Jamie – at what level do you want the letter signed? I asked Mike who should sign it and he said to check with you.
